The responsibilities involved in caring for a frail older person can be tremendous. Caregivers need to develop skills in a variety of areas in order to provide quality care to the elder. In addition, from time to time important decisions need to be made which impact upon the elders' life as well as the lives of caregivers and their family members.

Several organizations are available to provide caregivers with the information and support they need to provide quality care to an older or disabled person and make informed decisions that benefit everyone. The agencies listed below can also help with planning for caregiving, which can prevent or reduce some aspects of caregiver stress.

**Caregivers’ Resource Center**
NY Connects/Tompkins County Office for the Aging (COFA)
214 W. Martin Luther King Jr./State St.
Ithaca, NY 14850
(607) 274-5491
www.tompkinscountyny.gov/cofa/care

Staff at the Office for the Aging provide information, referral, and counseling on a wide range of benefits and services for seniors. Services provided by COFA staff are free. Voluntary contributions are always welcome and are used to expand services. COFA is open Monday through Friday from 8:30 AM to 4:30 PM. Home visits can be arranged.

**Caregivers’ Resource Center (CRC)**
Located at the Tompkins County Office for the Aging, CRC provides information and support to individuals concerned about or caring for an aging or disabled relative or friend, near or far. The goal of the Center is to help caregivers provide quality care to older persons while also maintaining the quality of their own lives and the lives of their family members. The Center offers information on caregiving in a variety of ways, including individual counseling, information and referral, caregiver training, a caregivers newsletter and other publications, and caregivers fairs.
Powerful Tools for Caregivers
A six-week series of classes for family caregivers, offered at various times and locations during the year. Books on caregiving are available for free loan and brochures are available on a variety of health issues affecting older people and their caregivers. All services are free of charge; however contributions are always welcome to expand the service.

Project CARE
Volunteers provide respite to caregivers who are caring for someone with difficulty with two or more activities of daily living (e.g., dressing, bathing, continence, transferring) or for someone who is in need of substantial supervision because of cognitive impairment.

Alzheimer’s Support Unit: Support for Alzheimer’s/Dementia Caregivers
The Alzheimer’s Support Unit at the Office for the Aging offers information and counseling to persons concerned about the diagnosis or care of someone with Alzheimer’s or other forms of dementia, including information and referral about counseling services, support groups, respite care, medical information, long-term care services, education programs, and tracking programs (Project Lifesaver and Medic Alert+Safe Return program). Articles and brochures are available on a variety of issues for caregivers, as well as a lending library of Alzheimer’s books and videos. A six-page guide titled Alzheimer’s Resources in Tompkins County lists agencies and services of interest to those caring for loved ones with Alzheimer’s Disease or related disorders. It can be viewed online at: www.tompkinscountyny.gov/cofa/local/resources

Tompkins County Long Term Care Services
Human Services Building
214 W. Martin Luther King Jr./State St.
Ithaca, NY 14850
(607) 274-5278

Long Term Care Services provides phone consultation and can help people and their families determine what long-term care services may be needed. Case Management is provided to those eligible for services through the NY State EISEP Program, Alzheimer’s Respite Scholarships, and caregiver respite programs as well as those receiving Medicaid home care service directly from the local Department of Social Services. Long Term Care Services conducts the Patient Review Instrument (PRI) assessment required before nursing home admission.

Family caregivers or persons with dementia can consult with Alzheimer’s Association staff using any of the following services:

I & R Services and 24/7 Helpline
Confidential care consultation provided by master’s level clinicians who can help with decision-making support, crisis assistance and education on issues families face every day.

Contact: 1-800-272-3900

Care Consultation
Care Consultation can be provided in-person or via telephone to persons with dementia and their families to help with assessment of needs and assistance with planning and immediate problem solving.

Contact: (607) 785-7852, Ext. 601

Family Consultations
Family Consultations bring caregivers and family members together in a safe, facilitated forum to identify and discuss issues of common concern and develop strategies to address them.
The Alzheimer's Association offers caregiver trainings, support groups (see page 15), and safety resources (including the Medic Alert/ Safe Return program). Online education materials and the ALZConnected social community (online support groups and chat groups) can be accessed through the National Alzheimer's Association website: www.alz.org

Social Engagement Activities
These are scheduled periodically at cultural and recreational locations throughout the region covered by the Alzheimer's Association of Central New York.
(607) 330-1647, Ext. 601

Supports Specific to Other Diseases and Conditions
Other local and national organizations offer support services to family caregivers of persons with specific illnesses/conditions. These include local organizations like the Cancer Resource Center in Ithaca, the American Cancer Society, and the National Parkinson’s Foundation. Groups for persons with particular conditions (e.g. stroke, Parkinson’s) are often open to family caregivers as well. See page 15 for a list of local groups.

Caregivers of Veterans
The Veteran's Administration offers information and support to family caregivers.

COUNSELING OPPORTUNITIES

If you are a family caregiver, you may find the experience rewarding; you may at times be feeling stressed, overwhelmed, angry, or guilty. No one has said that it is easy to sort out our relationships with family members. It is, of course, a lifetime activity. But mental health professionals tell us that longstanding problems often crop up again in caregiving situations. Understanding that this is not unusual, and understanding the changes that caregiving and infirmity bring to family relationships, can make life more positive and acceptable. Much more difficult to face is seeing a loved one we once knew as strong become debilitated. Not all of us are prepared to face this without help.

Many caregivers also need support to value and care for themselves. Caregivers are often pulled between the needs of the care receiver, the needs of other family members, or responsibilities of a job, and are unable to find the time or energy to deal with their own personal needs. This self-neglect too often has dire consequences for the caregiver’s mental or physical health. Discussing your concerns with a professional counselor can help you manage your situation and learn how to improve it. There are several counseling opportunities for caregivers in Tompkins County.

COUNSELING OPPORTUNITIES

Family & Children’s Services Caregiver Counseling
Family & Children’s Services / Senior Services Program
127 W. Martin Luther King Jr./State St.
Ithaca, NY 14850
(607) 273-7494
www.fcsith.org

The Caregiver Counselor/Consultant provides confidential consultation and support to family caregivers. This service provides extra input to help caregivers deal with a broad range of problems and an opportunity to talk with someone who can listen. Possible topics for discussion include, but are not limited to, coping with stress and isolation, time management, and ways to get a break. Meetings are ordinarily held in the office, but special circumstances may be considered for in-home service. No charge. Contributions are requested to expand the service.

In-Home Counseling for Older Adults – The Seniors Services Program of Family & Children’s also offers individual counseling to older adults experiencing a wide range of difficulties. For elders unable to access needed services due to health problems or limitations of mobility, counseling services may be provided at home.

Geriatric Outreach Program and Mental Health Services

Tompkins County Mental Health Clinic
201 East Green St.
Ithaca, NY 14850

Susan Spicer, Geriatric Outreach Team Coordinator
(607) 274-6230

The Geriatric Outreach Program exists to meet the unique needs of older persons in Tompkins County with mental health concerns. Services include mental status assessments and treatment, including counseling and/or medications. The treatment team includes a community mental health nurse, psychiatric social worker, staff psychiatrist, and case aide. When a client cannot come to the clinic, assessment services can be provided to clients in home or community settings.
Mediation Service (Wise Talk)
Community Dispute Resolution Center
171 E. Martin Luther King Jr./State St.

Suite 109
Ithaca, NY 14850
(607) 273-9250
www.mhaedu.org

The Mental Health Association (MHA) is a private, not-for-profit organization that maintains a listing of therapists in Tompkins County and their specializations.

Crisis Counseling
Suicide Prevention and Crisis Service
124 E. Court St.
Ithaca, NY 14850
(607) 272-1616
www.suicidepreventionandcrisisresource.org

Caregiving and chronic illness or disability can be stressful for both caregivers and care-receivers. SPCS phone counselors are available at any hour of the day or night to assist in crisis or non-crisis situations. Caregivers can get assistance in assessing depression or suicidal risk. Counselors are available to help people manage their frustrations, loneliness and fears, and to direct caregivers to other available support.

CAREGIVER SUPPORT GROUPS

We recommend that you call before attending any of these groups for the first time to confirm the time and exact location of the meeting. All of the following groups have a facilitator provided by the sponsor except for the Parkinson’s spouses group which is a self-help group.

Meets the 2nd Tuesday of the month, 5:30 to 7:00 PM.
For family, friends and caregivers of individuals with cancer.
**LEGAL AND FINANCIAL RESOURCES**

Legal and financial issues are sometimes confusing but necessary aspects of caring for a frail older person. Planning ahead in these areas enables the caregiver to use the older person’s resources to provide the best quality care, particularly if and when the older person becomes unable to make decisions for her/himself. Possible legal arrangements that can be made include the durable power of attorney, health care proxy, living will and others. In the financial realm, it is important for caregivers to understand Social Security, Medicare, Medicare Supplement policies and Medicaid. Other programs of financial assistance may assist when the budget is limited.

**NY Connects/Tompkins County Office for the Aging (COFA)**

214 W. Martin Luther King Jr./State St.  
Ithaca, NY 14850  
(607) 274-5482  
www.tompkinscountyny.gov/cofa

Staff at the Office for the Aging provides information, referral, and counseling on a wide range of benefits and services for seniors. Services provided by COFA staff are free. Voluntary contributions are always welcome and are used to expand services. COFA is open Monday through Friday from 8:30 AM to 4:30 PM. Home visits can be arranged.

**Legal Assistance Program**

The Office for the Aging contracts with LawNY (formerly Tompkins/Tioga Neighborhood Legal Services) to provide free legal consultation in some civil matters for Tompkins County residents age 60 and older. Specific information on the program may be obtained by calling the Office for the Aging at (607) 274-5482. Contributions are accepted, but no fee is charged. Legal problems that are given high priority include the rights of nursing home patients, landlord and tenant problems, Social Security, Medicare, SSI, and other benefit programs.

**Lawyer Referral Service**

NY State Bar Association  
800-342-3661  
LR@NYSBA.org

If you are referred to an attorney through the lawyer referral service, the attorney will provide you with a half-hour consultation for $35. During your visit with the attorney, you and the attorney will discuss your matter and decide what further action to take, if any. There is no obligation for you to hire the attorney. If the attorney agrees to represent you, the attorney will charge you at his or her regular rates.

Directory of Senior Housing Facilities

Subsidized Apartments

The apartments mentioned in this guide have been especially designed for independent senior citizens. They offer many features that are attractive to older residents such as laundry facilities, extra security and safety features, and the opportunity to live with other senior citizens. The apartment complexes have generally been subsidized by various federal agencies. This accounts for the variation in income level stipulations and rental rates.

For your information, in 1983 Congress enacted a statute allowing residents of rental housing for the elderly or handicapped to have common household pets. Application of this policy differs from complex to complex. We suggest that you call and inquire if this is an area of interest to you.

LONG DISTANCE CAREGIVING

Providing care for an elderly person from a distance presents a unique challenge. Gathering information about the older person’s situation, helping her/him make decisions about the future and providing emotional support are as important as providing care.

Open communication among everyone involved and planning ahead can help avoid complications in the future. An important part of long-term planning is gathering information about services and programs in the older person’s community. If you have Internet access, you may be able to find information about long-term care services in another state by searching to see if the county Area Agency on Aging has a web page listing those resources.

Eldercare Locator
1-800-677-1116
www.eldercare.gov

One service available to long distance caregivers is the Eldercare Locator. The Eldercare Locator is a national toll-free number that helps caregivers identify the most appropriate organization for information and assistance in the older person’s community. Call 1-800-677-1116 Monday through Friday, between 9:00 AM and 11:00 PM, Eastern Standard Time, for assistance. Please have the following information ready when you call:
(1) The name and address of the older person you are assisting including the zip code.
(2) A brief and general description of the problem or type of assistance you are seeking.

NY Connects/Tompkins County Office for the Aging
214 W. Martin Luther King Jr./State St.
Ithaca, NY 14850
(607) 274-5482
www.tompkinscountyny.gov/cofa

The Office for the Aging maintains a directory of contact people in County Offices for the Aging nationwide. A simple telephone call can provide detailed information about services available where the older person lives, regardless of what part of the state or country. A consultation with staff of the Caregivers’ Resource Center may also be helpful in your decision-making process. The Resource Center also has a lending library of books and other resources for caregivers as well as free, easy-to-read brochures.

LONG TERM CARE COMMUNITY SUPPORT SERVICES

A variety of other services are available to help meet the physical, psychological, and social needs of frail elderly living in the community. These services can also be of tremendous help to caregivers, easing some of the responsibilities of providing care. The first section that follows lists available community resources in the areas of home health care, nutrition, transportation, safety, socialization, etc. The second section contains a listing of in-home support and nursing services. For further information, consult the Long Term Support Services in Tompkins County booklet in the Office for the Aging booklet series.

Ithaca, NY 14850

(607) 274-5499
www.tompkinscountyny.gov/cofa

Project CARE, organized by the Tompkins County Office for the Aging, matches older people with volunteers and encourages regular visits, offering companionship and a chance for sharing time and interests.

Project CARE volunteers also provide respite and assistance to caregivers who are caring for someone with difficulty with two or more activities (e.g., dressing, bathing, toiletry) of daily living or someone who is in need of substantial supervision because of cognitive impairment.
Hospice Care: at home, in nursing home, or the Hospice Residence

Hospicare and Palliative Care Services
172 East King Rd.
Ithaca, NY 14850
(607) 272-0212
www.hospicare.org

Hospicare and Palliative Care Services is a program of comprehensive home care for terminally-ill patients and their families. The program includes home care services, emotional, psychological and spiritual support to the patient and to family members, respite services, financial and legal counseling, and provision of medical supplies, drugs and equipment. The Hospicare Residence provides residential care for terminally ill patients and is located inside the Hospice Center.

Hospicare’s Personal Attention to Health (PATH) Program provides support to patients who are still pursuing curative treatment (such as chemotherapy or dialysis) for a serious condition but are finding day-to-day life increasingly difficult to cope with because of the serious illness.

Love Living at Home

Gateway Center
401 E. State St., Suite 304
Ithaca, NY 14850
(607) 319-0162
www.lovelivingathome.org

Love Living at Home membership is open to any residents of Tompkins County, 62 and older. Started in 2016, it is a network of people helping people to access needed services that enable them to live safely in their own homes for as long as possible. Its programs aim to enrich the lives of its members, forge connections for new friendships, and assist one another to access the array of area services and providers necessary to stay at home though the life span.

Annual membership fee: $450/individual or $575/household.

Financial assistance with membership fee is available for those with low incomes.

Personal Emergency Response System (PERS)

NY Connects/Tompkins County Office for the Aging
214 W. Martin Luther King Jr./State St.
Ithaca, NY 14850
(607) 274-5482
www.tompkinscountyny.gov/cofa

The Personal Emergency Response System is a communication system which links an individual with the County’s emergency medical response system. Pressing a button on the unit or on a pendant worn around the neck automatically dials Doyle Medical Monitoring which will alert emergency services to respond when necessary. The PERS system costs $25/month. At an extra charge, Fall Detection Sensor and GPS Mobile Service can be added to manage safety and security virtually anywhere.
Protective Services for Adults

Tompkins County Department of Social Services
320 W. Martin Luther King Jr./State St.
Ithaca, NY 14850

(607) 274-5222
www.tompkinscountyny.gov/dss

Protective Services are provided to adults over the age of 18 who, because of physical or mental impairment, are unable to manage their own resources or protect themselves from neglect or hazardous situations, and have no one able to help them. Services are available regardless of income level. If necessary, the Department of Social Services can serve as a representative payee for a person unable to manage her or his money. Referrals come from concerned individuals as well as agencies and people themselves. Referrals are kept confidential.

Project Lifesaver

Tompkins County Sheriff’s Office/Public Safety Building
779 Warren Rd.
Ithaca, NY 14850

(607) 257-1345, Ext. 4455

Project Lifesaver provides timely response to save lives and reduces potential injury for adults and children who wander due to Alzheimer’s, autism, and other related conditions or disorders. Each participant who is enrolled in the program is fitted with a Project Lifesaver wristband (transmitter) that emits a tracking signal every second 24 hours a day. The signal can be tracked by trained personnel from the Tompkins County Sheriff’s Office using equipment with radio frequency tracking capability.

A helicopter with radio frequency capability can be used in the search if necessary. Personnel come to the participant’s house every 60 days to change the battery and check the band to assure it is in good working order. Call the Sheriff’s office at (607) 257-1345, Ext. 4455, to make an appointment to enroll in the program.

IN-HOME CARE

A variety of agencies offer home care service. Home care may be scheduled as needed from several hours per week to 24 hours a day. Costs vary depending on the agency and the services performed. Generally, home care is provided by a registered nurse (RN), licensed practical nurse (LPN), home health aide (HHA), personal care aide (PCA), homemaker, or companion. Hiring someone to provide care in the home, either from an agency or privately, is an individual decision. Home care agencies are responsible for training, scheduling, supervising, arranging for substitutes, and employee benefits for personnel they employ. Payment to an agency is made either by the family or a third party such as Medicare, Medicaid, or an insurance company. Private home care arrangements generally cost less than hiring through an agency; however, the patient or family assumes responsibility for paying social security taxes, disability, and other employer responsibilities. For further information, consult the Long Term Support Services in Tompkins County booklet in the Office for the Aging series.

Public Programs Providing In-Home Care

NY Connects/Tompkins County Long Term Care Services
Human Services Building
320 W. Martin Luther King Jr./State St.
Ithaca, NY 14850

(607) 274-5278

Provides intake and ongoing care management services for seniors receiving in-home services through the EISEP program and for some Medicaid home care clients. Their nurses can also provide the PRI (Patient Review Instrument) assessment that is required for individuals prior to admission to a nursing home. Note: Medicaid beneficiaries who need help with dressing, bathing, or others hands-on personal care that is expected to last more than 120 days must enroll in a Medicaid Managed Long Term Care (MLTC) plan. Call Tompkins County Long Term Care Services or NY Connects/Tompkins County Office for the Aging to learn about the process in enrolling in MLTC plans.
EISEP

**Expanded In-Home Services for the Elderly Program** provides non-medical, in-home services and case management for people 60 or over to help with bathing, dressing, cooking, shopping, laundry, and housekeeping. The case manager will arrange for and monitor these services to make sure they are meeting the client’s needs. Clients pay for services on a sliding fee scale based on their income and housing expenses. There is no charge for care management.

**Medicaid**

Medicaid provides a variety of home care services to Medicaid clients. Medicaid need must be documented by a physician. Caseworkers and nurses, under a doctor’s order, jointly coordinate in-home personal care and home health aide services to people who receive Medicaid. Services are provided without regard to age.

**Veterans Long Term Care Benefits**

Some Veterans may be eligible for home health care, short-term respite stay in a VA facility, “Aid and Assistance” pension, and/or other benefits. To discuss eligibility criteria, call:

Finding People to Hire Privately

The Registry  (607) 272-2433
Finger Lakes Independence Center
Ithaca, NY 14850
www.fliconline.org

The Registry is a free listing and referral service for households needing in-home help. The Registry links these households with independent job seekers over the age of 18. In-home job seekers are listed after they are interviewed and references are checked. The Registry lists jobs for personal care aides, cleaning personnel, companions, homemakers and nurses.

Wages for home health aides and personal care aides usually range between $12 to $17 or more per hour, while housekeeping and companions tend to range between $12 and $15. There is no fee for the matching service, but contributions are welcomed.

RESPITE AND ADULT DAY PROGRAMS

Taking care of an elderly family member at home can be a 24-hour-a-day, 365-day-a-year commitment. Providing this care places considerable stress on spouses, adult children, and friends who must manage other family and work obligations as well. Respite services offer family caregivers temporary relief from the responsibilities of caring for a physically or emotionally dependent person, and also provide the care-receiver with social opportunities. There are three types of respite services available to caregivers in Tompkins County: in-home respite, overnight respite, and adult day programs. One or more of these services may be just what you need to take care of yourself!

Longview Adult Day Program

Longview
1 Bella Vista Dr.
Ithaca, NY 14850
(607) 375-6323
www.ithacarelongview.com

Many Tompkins County families have grown to include grandparents. But with today’s busy, two-career lifestyle, it’s often impossible for someone to be home all day providing companionship and ensuring the safety and security of older adults (age 55+).

Spousal caregivers may also benefit from some respite from caregiving. Longview’s Adult Day Community is one possible solution. The daily fee includes personal supervision and recreational programs, as well as morning and afternoon snacks and a hot, nutritious lunch. $55/ day. Participants can attend all five days, or just certain days of the week.

Volunteer In-Home Respite

Project CARE-Friendly Visiting and Respite
NY Connects/Tompkins County Office for the Aging
214 W. Martin Luther King Jr./State St.
Ithaca, NY 14850
(607) 274-5499
www.tompkinscountyny.gov/cofa

Project CARE matches community volunteers with caregivers to provide some respite by visiting with the care recipient or doing other errands.
or chores to free up the caregiver (see page 35). Project CARE may also arrange for paid aide respite for certain individuals through Tompkins County Long Term Care Services. Specific criteria must be met.

Privately-Hired Respite Services
For a fee, you may arrange for respite aide service through one of several area agencies if they have aides available at the times you need one (See page 40). You may also be able to hire someone privately through The Registry, a service of the Finger Lakes Independence Center (see page 41).

Overnight Respite
Note: Some financial assistance may be available to family caregivers who cannot afford to pay for in-home help or a short-term facility stay that enables the caregiver to get away for a few days.
Call the Office for the Aging: (607) 274-5482

Assisted Living Level of Care
Short-term stays are allowed on a space-available basis at Brookdale Senior Living, Longview, Bridges Cornell Heights, as well as most of the smaller, family-type, adult care homes locally. You may also want to look at places in nearby counties if space is not available at local residences. Charges generally include meals, housekeeping, help with bath and medications, and recreational programming. Respite residents must have enough self-care skills to qualify for residential care.

Higher Level of Care
Those who do not have self-care skills to qualify for an adult home level of care can consider two other options for overnight respite: Cayuga Nursing and Beechtree Center skilled nursing facilities. Both accept short term admissions for respite purposes on a space-available basis. A nursing home assessment and doctor’s orders are needed. Contact the nursing home well before the date respite care is needed.

Veterans may be eligible for a respite stay at a Veteran’s Administration residential care facility. In Tompkins County, contact the VA Counseling Center at (607) 773-2178 from 9:30 AM to 3:30 PM, to discuss eligibility and how to apply or call the national VA Caregiver Support Line at 1-855-260-3274. Go online to learn about VA caregiver support at www.caregiver.va.gov

The following services may be useful to adults with physical disabilities. Physical disabilities encompass a wide variety of conditions including visual, speech, hearing, mobility or other impairments caused by illness or accident. If the impairment originated before age 22, this may qualify as a developmental disability, and provide eligibility for a variety of services and funding sources.

Agencies

Equipment and Assistive Devices: Information, Purchases and Loan Closets

Many devices are available to help disabled people to adapt to their disabilities and lead more active lives. They can make life much easier for caregivers as well. If your need is temporary, the loan closets listed below provide free equipment (a deposit may be required). Whenever possible, seek professional guidance to choose the appropriate device—wheelchairs and walkers come in sizes, and can be unsafe if used improperly. Physical and Occupational Therapists and other rehabilitation professionals can help choose the right adaptive equipment for physical impairments.

Due to economic necessity and greater opportunities in the workplace, more and more caregivers, particularly daughters with young children, are working outside the home. Juggling work and family responsibilities can be a tremendous challenge. It is important for working caregivers to seek out and receive the support that they need.

Employers are beginning to recognize eldercare as an important concern for their employees which may affect productivity. Policies to inquire about and advocate for (if your employer does not already have them) include flexible working hours, flexible benefits, family leave, and contracted programs such as information and referral, adult day care, workshops and support groups.

**Family and Medical Leave Act (FMLA)**

The Family and Medical Leave Act (FMLA) covers employers of more than 50 employees (at the worksite or within 75 miles thereof). Since 1993, the FMLA has entitled qualified employees, who have been employed for at least 12 months and who have worked at least 1,250 hours during the 12-month period, to up to 12 weeks of unpaid leave per year for the birth or adoption of a child, to care for a spouse or an immediate family member with a serious health condition, or when unable to work because of a serious health condition. The employer is required to maintain any preexisting health coverage during the leave period and, once the leave period is concluded, to reinstate the employee to the same or an equivalent job.

**NY State Family Paid Leave**

As of January 1, 2018 most employees who work for private employers in New York State are eligible to take Paid Family Leave. Family Leave provides job-protected, paid time off so someone can care for a close relative with a serious health condition. The employee can continue their health insurance while on paid family medical leave and are guaranteed the same or a comparable job when the leave ends. For more details, visit:

**Employee Assistance Programs (EAP)**

Some employers provide free, confidential individual counseling for employees. Inquire about whether there is an Employee Assistance Program through your place of work to help you explore options when problems seem too confusing or painful to solve alone.
