

Acknowledgement of 2021 Changes to Tompkins County Retiree Health Insurance Benefits

I hereby acknowledge that I have received notice of the coming changes to the retiree health insurance benefits available to Tompkins County retirees in 2021. I understand that:

- The method of rate calculation for **Non-Medicare-eligible Individual and Family Plans** has been simplified for ease of administration. *(The new method of rate calculation results in equal or lower rates for retirees than the current method.)*
- Any **Medicare-eligible person** currently on **Individual coverage** or **Family coverage with just one other person** will move to the new **MS4 Medicare Supplement Plan**. *(For example, two Medicare-eligible spouses currently on a Classic Blue Family Plan will move to two Individual MS4 Medicare Supplement Plans.)*
- Any **Non-Medicare-eligible person** currently on **Family coverage with just one Medicare-eligible person** will move to a **Platinum Individual Plan** until becoming **Medicare-eligible** or **attaining age 26 (child)**. *(For example, a Medicare-eligible retiree and their non-Medicare-eligible spouse currently on the PPO Family Plan will move to an Individual MS4 Medicare Supplement Plan (retiree) and an Individual Platinum Plan (spouse).)*
- Any **family of three or more with at least one Medicare-eligible person on coverage** will move to a **Platinum Family Plan**. *(For example, two Medicare-eligible spouses their child currently on a Classic Blue Family Plan will move to a Platinum Family Plan.)*

Retiree Name (please print and sign): _____

Date: _____
